

Want a fast, convenient way to get the flu shot for you and your family? Visit your local pharmacy!

ACCORDING TO THE CDC, ALMOST 90% OF AMERICANS LIVE WITHIN 5 MILES OF A PHARMACY.

Why get a flu shot?

Doctors recommend everyone over the age of 6 months get a flu shot. You're not only protecting yourself, but also those who are more at risk of getting the flu, including:

Pregnant women

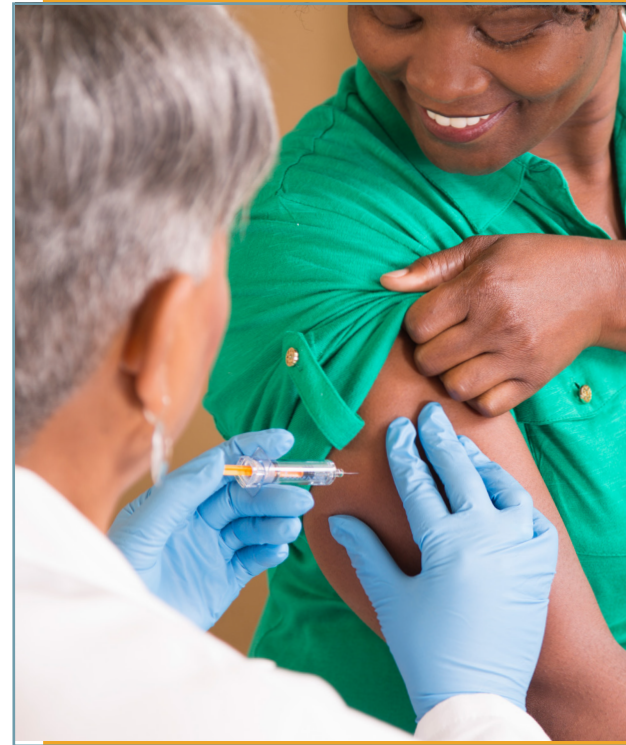

Children under 5

Adults over 65

People with asthma, diabetes, or a weak immune system

THE FLU CAN BE PREVENTED BY FREQUENT THOROUGH HANDWASHING, COUGHING INTO AN ELBOW OR TISSUE, STAYING HOME WHEN SICK, AND LIMITING CONTACT WITH OTHERS.

Before you go, call or check the website to find out:

Is the flu shot covered by my **Medical Provider** insurance?

Are flu shots currently in stock and available at **Sample Pharmacy**?

Can I walk in or do I need to make an appointment?

Wondering about a COVID booster? Visit www.cdc.gov to see if you're due for a COVID booster. In some instances, you can get your booster and flu shot at the same time.

Log on to your member portal at samplevendor.com or call **XXX-XXX-XXXX** to find an in-network pharmacy.

Walk in or schedule a flu shot at one of our participating pharmacies, **Sample Pharmacy 1** or **Sample Pharmacy 2**.
